Dear Parents/Carers,

Visit to The National Coal Mining Museum

Dear Parents / Carers,

As part of the residential visit to South Yorkshire, we will be visiting **The National Coal Mining Museum** in Wakefield before we go to the Peak Venture Centre.

The Museum is free and will therefore not incur any further cost. There are many exhibits and activities for the children to experience and enjoy giving them an insight into the life and work around a coal mine.

Further details for the museum can be found at www.ncm.org.uk

A major part of the visit is to take part in an underground guided tour, led by a former-miner. The underground tour generally takes about an hour and shows the history of mining from the Victorian era to the mine closure.

Please complete the slip below and return to school with the other documents from this evening's meeting.

If you have any concerns or questions about this tour, please contact me to discuss these.

Thank you

Mr. MacLeod
