

Autumn Topic

This half term we focus on the theme of water.

English

Children will be using non-fiction texts about water, including texts from Severn Trent, Water Aid and a range of library books. They will be writing their own non-fiction texts with a strong focus on grammar.

Maths

Times tables and number bonds will be weekly foci. Children will also learn to subtract in columns and how to calculate area and perimeter of shapes.

Science

The water cycle is a focus for children's study, with a visit from Severn Trent to provide a stimulating look at sanitation.

Other studies

PE – water themed dance, hockey and Swimming for Rosa Class.

Computing – programming.

Geography – local water study

Music – water in music.

RE – Christmas from differing perspectives.

Spanish – continuing to read and speak Spanish
