Live lessons

We have been made aware that when you are logged into Microsoft Teams to access a live lesson, your email address may be visible to others. Our ICT department are currently creating email addresses for all children in school to resolve this issue.

Live teaching sessions will continue for children in Rainbow, Red and Green classes in the interim for those comfortable to access them using personal email addresses. Please do not use this platform to access other people's personal information. You should not contact another person, via email, if you do not already have their email address.

Due to this technical issue we will not be posting a recording of the live session. We apologise for any inconvenience caused.

Regards

The Foundation Team
