Red and Green Newsletter

What a busy term it has been! Thank you for your continued support with reading at home, practising keywords and completing talk homework. These efforts are having a great impact on the children's progress.

Next term we will be working on the theme of 'Animals of the World' with a focus on writing basic sentences, knowing letter names and using adding and taking away skills to solve simple problems.

Uniform

Our PE day will continue to be on a Tuesday and swimming on a Friday. However, we will be having extra PE sessions on different days to support the children's physical development, so please ensure your child's kit is in school at all times. All kits have been sent home for the holidays, so this is a good time to check every piece of uniform is named clearly. One child is missing their Edgewood Primary School coat, so please return it if you find it.

Transition

Towards the end of term nursery children will be visiting Red and Green class to familiarise themselves with the environment. We will be talking to the children about being good role models and showing them how we work and play.

The children in Red and Green class will also have the opportunity to visit KS1 classes for story time to familiarise themselves with how a Y1/2 classroom is set out.

Safety in the sun

It's lovely to finally feel like summer has arrived. Please send your child with a sun hat (named) and put sunscreen on them before coming to school. You are welcome to send some labelled sun cream for the children to re-apply themselves at lunchtime. However sunscreen that lasts all day is much more effective.

Have a lovely week.

Thank you in anticipation of your support
Mrs Bradley, Mr Ward, Mrs Wyatt & Mrs Cable
