

My new class is Azul

Hello, we are Mrs Major and Mrs Norgate . We will be your teachers.

Our classroom has a smart board, books, working walls, trays for your school things, a map of the world and lots of equipment to help you have fun with learning.

You can use this door at the back of the classroom to go out to play at break times.

Here you can wash your hands and keep your water bottle on the side. We look forward to making a big display here of all your topic work. Your first topic is on Crime and Punishment throughout history!

Mrs Major will be your teacher on Monday and Tuesday. Mrs Norgate will teach you for the rest of the week.

In the first term, we will also learn about famous music composers and unique designers such as William Morris and Paul Smith.

After break and lunch you can come back into the school by yourself (your teacher won't come and collect you) and you line up outside the classroom door.

This is where we hang our coats and PE kits. Your peg will be labelled.

PE will be on Wednesday afternoon and you will need a change of clothes and trainers. We don't do swimming lessons in year 5/6.

You will use these toilets. We like you to try and use the toilet at break time so you don't miss any of the lesson (don't worry though, we will let you go if you are desperate!)

We are really looking forward to being your new teachers and helping you learn and grow. In year 5/6, we will all work hard but we will also have lots of fun!
