## **Most Active Class Awards**

No active class due to the weather.

This week, our year 3/4 handball team travelled to Hucknall National to compete against the other Hucknall schools in a tournament.

The team played tremendously well throughout the event, showcasing all the skills they have been practising in their PE lessons and after school.

With wins against Hucknall FHA (6-0), Hucknall National (8-1) and Hawthorne (8-2) as well as a 4-4 draw with Leen Mills the children finished the event as joint winners, which is an incredible achievement.

## **Attendance reward**

We are very excited to reveal that our attendance reward for this half term is a silent disco on 30<sup>th</sup> March in the hall. This will be for all children who achieve 100% attendance during this half term.

Please note, for this reward we add back any medical appointments we have the seen evidence for.

## **Fundraising**

It is with huge pride that one of our former pupils has been selected to represent Nottingham at the largest Scout Jamboree to be held in Korea in July 2023. Paige is 1 of only 2 people from the Ashfield area that has been selected after a huge selection process. This Jamboree will be the largest scout camp since the start of the pandemic with 50,000 young people participating.

Paige needs to raise £3,600 for this event. Paige is doing well with her fundraising but she is not quite at her target. As part of her fundraising journey she is undertaking a 40 mile walk.

Please show Paige your support on the link <https://paiges-jamboree-fund.co.uk>

## **Comic Relief Red Nose Day**

As always, we will be supporting this fabulous cause on Friday 17<sup>th</sup> March. We will be asking children to come to school in non-uniform (with red noses or red nose day clothing if they choose)

We are asking for donations for this cause via our Just Giving page on the link below:

## **Science Competition**

Next week, Edgewood will be celebrating British Science Week. Every child will have the opportunity to enter our science competition by completing a science activity or investigation at home. In order to enter, children may upload their work on Seesaw or give a paper copy to Miss Cross. Here are some great tips:

10-19 March  
**British  
Science  
Week  
2023**

- Explain why you have chosen this investigation or science task
- Include scientific terminology
- Share a video or photographs
- A prediction and findings if you complete a science investigation
- Most of all, have fun!

I have copied links for inspiration and you will be able to access these on Seesaw sometime next week.

The deadline will be **Wednesday 29<sup>th</sup> March** and the winners will be announced on Friday 31<sup>st</sup> March. The child, who achieves 1<sup>st</sup> place, will receive a £10 Amazon voucher.

### **Spring Clean 2023**

This week, Edgewood took part in the Spring Clean 2023 to support making Ashfield a cleaner and more inviting place. Last year, we received hi-vis vests and litter pickers, but this year we were given a large planter. Over the next few months, we will look forward to watching the wildflowers, lettuce and potatoes grow.

### **TTS Nottingham Festival of Science and Curiosity**

Before half term, the House Captains visited TTS for the Nottingham Festival of Science and Curiosity. The children explored the work they do, designing and building products for schools, including robotics. The children had the opportunity to design and make a pencil holder, using a 3D printer.
