### Harvest Festival

Today, we held our Harvest Festival assembly with the lay minister from St Peter & St Paul's Church. The children really enjoyed it and the donations that you sent were very gratefully received. As you can see from the picture you all donated so generously, for that, we and Under One Roof are so very grateful. Once again thank you so much for your generosity.

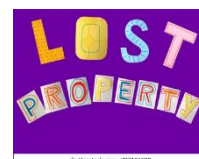

### Parents Evening

Today you will have been sent details on how to book an appointment with your child's teacher for parents evening. Please ensure you book your slot, so you are able to get a time that is most convenient to you.

### Lost Property

We are receiving an increasing number of lost property items, that are not labelled with children's names. Please ensure that all clothes are labelled so we can return it to the right child should it get lost.

## Wear Something Yellow

**Next Friday, 14<sup>th</sup> October 2022**, we are asking children to wear something yellow to school for World Mental Health Day. With mental health being such a big part of everyone's life, we would like to recognise and support the day.

## Sports news

This week saw our year 5/6 girls football team return to action with games against Croft and Hillside. On Monday, the girls battled tremendously well and won the game 8-1 with 5 goals from school captain Freya. Player of the match was given to Holly for a superb defensive display in her school debut. Unfortunately, despite some excellent effort the girls weren't so fortunate on Tuesday - losing 4-1 to Hillside. The girls battled superbly despite the adverse weather conditions and never let their heads drop. Well done girls.

## Parking on the Harrier

It is with regret; we have to bring this to your attention again. This week we have had an incident where a resident on a private road - The Harrier, was verbally abused by a parent, when the resident was kindly advising them, that they could not park on that street as it is a private road. The incident was witnessed by others, and we have had more than one complaint regarding the upsetting incident.

Can we please remind you **not to park** on this street, it is a private road for the use of residents only and if you do park there, we are more than willing to support any resident that calls the police as a result of illegal parking.

## It is now time for your child's yearly flu nasal spray!

The free seasonal flu spray is offered to all children and young people in:

**Primary School Years:** Foundation 2 Year 1 Year 2 Year 3 Year 4 Year 5 Year 6

Even if your child received this last year it is recommended, they have it again this year or they won't be protected. It is more important than ever, to reduce the number of those becoming ill with flu this winter to help protect them and the NHS.

### What do you need to do?

You **must** complete **one** online consent form for **each** of your children.

It is important every child has a completed form which states if you would like them to receive the flu vaccination spray **or not**.

The online consent form can be found through this link or the QR code:

<https://www.nottinghamshireimmunisations.co.uk/Forms/Flu>

Visit date: **1<sup>st</sup> December 2022**

School code: NG122587

Online consent will close at 3.00pm the working day before the session.

If you decide you want to withdraw consent you must email [sais@nottshc.nhs.uk](mailto:sais@nottshc.nhs.uk) at least 24 hours before your schools session.

The nasal spray may not be suitable for some children, for more information visit [www.nhs.uk/child-flu](http://www.nhs.uk/child-flu)

**Please note:** If any of the following happen **after** completing this form you must contact the School Aged Immunisation Service: if your child becomes wheezy, has a bad attack of asthma, has started steroid tablets for asthma or has had this vaccination anywhere else.

### How will the vaccination be given to your child?

We are a team of skilled and experienced nurses and support staff. The flu vaccination is a quick and simple spray up the nose.

**Step one:** The nurse places the tip of a thin plastic tube just inside the nostril.

The child can breathe normally whilst the vaccine is given.

**Step two:** Half of the vaccine is sprayed in one nostril.

**Step three:** The other half of the vaccine is sprayed into the other nostril.

If you have any questions or need support to complete the consent form, please contact our friendly team:
