## Building skills and values for life

Friday, 6 March 2020

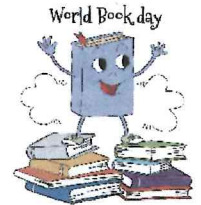

Every School Day Counts

Attend today, achieve for a lifetime!

**Congratulations to Amarillo Class for a weekly attendance of 98.71%**

### **World Book Day**

As you will be aware, it was World Book Day yesterday (Thursday 5<sup>th</sup> March 2020). Lots of children and staff came to school dressed as a character from a book. Throughout the day, the children took part in numerous activities all around this year's theme of Sharing Stories. Keep an eye out on our Facebook and website page for some photograph's of the day.

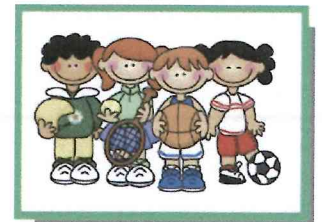

### **Water Bottles**

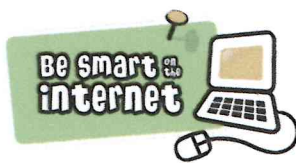

In an attempt to try and stop the spread of infectious illnesses, can you please ensure that your child brings a named water bottle to school each day. We would ask that you ensure these bottles are washed every day. This will prevent the need to use cups in classrooms, that sometimes get shared by children inadvertently.

### **Next Level Sports**

Next Level Sports will be holding a sports camp in the Easter holidays on Thursday 16<sup>th</sup> April 2020. Look out for the leaflets that will be coming out next week. This will detail all you need to know to book your child on the fun-filled day.

### **On Line Safety for Primary School Children**

Some of our younger children have been talking about internet safety today. We have attached a fact sheet to help parents when discussing what children should and shouldn't be accessing online. This has been produced by the NSPCC.

### **PTA Newsletter**

This week you should have received the PTA newsletter, which details all the news you need to know including some up and coming events.

Matt Curtis  
Deputy Headteacher

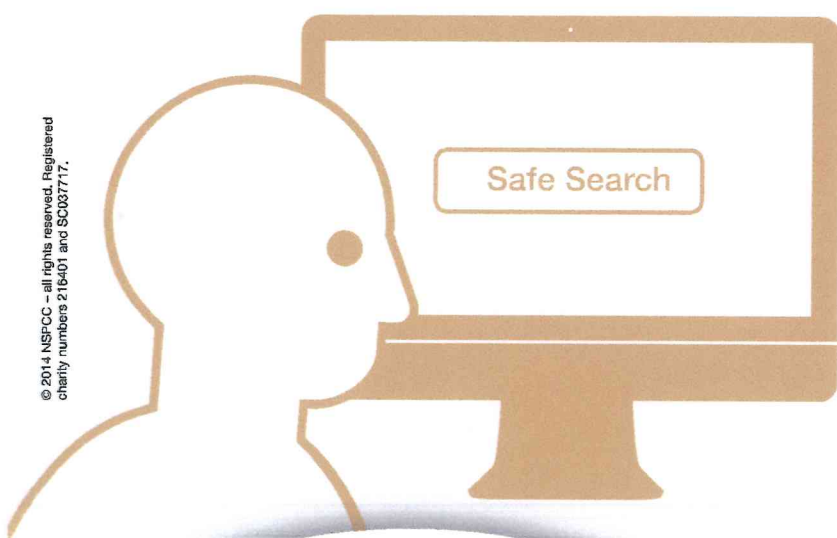

# Online safety for primary school children

As your child gets older, and technology changes, make sure you continue talking about what they are doing online and how to stay safe.

- ✓ Talk about what they do online, what sites they visit and their favourite websites.
- ✓ Discuss safety rules and how much personal information they should share online.
- ✓ Make sure your child knows what to do if anything upsets them online and reassure them that they can come to you.
- ✓ Check who your child is playing online games with and that your child knows what information they can share with others.
- ✓ Use parental controls across all of the devices that your children have access to.
- ✓ Set 'Safety Mode' up on YouTube to help filter out explicit content.
- ✓ If you use Google, turn on Google '**Safe Search**' to filter sexually explicit content from your search results.
