What is the Early Years Foundation Stage (E.Y.F.S)?

- The E.Y.F.S. is the stage of education for children from birth to the end of the Reception year.
- It is based on the recognition that children learn best through play and active learning.
- It is a very important stage as it helps your child get ready for school as well as preparing them for their future learning and successes. From when your child is born up until the age of 5, their early years experience should be happy, active, exciting, fun and secure; and support their development, care and learning needs.

- ▶ Nurseries, pre-schools, reception classes and childminders registered to deliver the EYFS must follow a legal document called the Early Years Foundation Stage Framework.
- ▶ Children therefore continue their learning journey in Red and Green Class from their previous setting
