Sponsored Readathon

Dear parents/carers,

We are excited to announce that we are purchasing a book vending machine! This is an exciting investment and we will be stocking this with a range of brand new books for children across school. Children who read regularly at home and who meet their 4x per week target will have regular chances to win a token and select a book from the machine as a prize.

The PTA are very generously contributing towards this, but we are holding a sponsored 'Readathon' over the half term holidays to raise additional funds to cover the cost. The challenge is for your child to read for the same number of hours as their age in total over the two weeks. So, if your child is 5 years old, they should aim to read for at least 5 hours in total. If they are 10 years old, they should aim to read for at least 10 hours in total. This could be them reading their own book, or enjoying a story with an adult or older sibling; anything to show a love of reading!

The top 10 children who raise the most money across school will be the winners – and will be the first to get a chance to use our new book vending machine!

Please return any completed sponsorship forms and cash by Friday 8th November.

Thanks and enjoy the reading! Good luck!

Miss Hislop
